

DIGITAL PRODUCT

Management dashboard & weekly pack

A14's output contract. Questions as titles. Four families. Risk first.

Weekly (A14)

- RSK: incidents, overrides, injection flags, unauthorised actions (target 0).
- OPS: intake-to-post median, exception rate, ageing >30, SLA hit, missing GR.
- ACT (footnote only): invoices touched, messages sent.
- Agent watch: any KPI outside gate for 2 weeks.

Monthly

Add FIN ranges if attested; A15 top causes; A16 promotion recommendations; cost per correct outcome.

Board / CFO one-pager

Use the Team executive template. One page. Decisions required. No stock photos.
