

EVIDENCE ROOM

AP AI Readiness Diagnostic

Assess your organisation's readiness for AI agents in Accounts Payable

Free · Tier 0

Version 1.0.0 · September 2026
evidenceroom.ai

Introduction

This diagnostic helps Finance leaders assess organisational readiness for deploying AI agents across Accounts Payable. Complete the companion spreadsheet for scoring.

Based on research from Gartner (59% of finance functions use AI; AP automation is the #2 use case at 37%) and Ardent Partners (average cost per invoice: \$9.40; exception rate: 14%).

Six Assessment Domains

- Process maturity and standardisation
- Data quality and electronic invoicing
- Technology integration and automation
- Governance and controls
- People and change readiness
- Agent-specific readiness

Maturity Levels

Score	Level	Description
20-40	Level 1 — Aware	Conceptual understanding, no structured initiative
41-60	Level 2 — Exploring	Pilots underway, governance emerging
61-80	Level 3 — Implementing	Agents deployed with controls
81-100	Level 4 — Optimising	Earned autonomy, continuous improvement

Next Steps

- Complete the diagnostic spreadsheet
- Identify your top 3 agent opportunities
- Explore the AP Agent Starter Kit for implementation frameworks
